

2009 Architectural Registration Examination (ARE) Grant Award

Sponsored by the CENTRAL ARIZONA ARCHITECTURE FOUNDATION

Purpose

The purpose of this award is to recognize the significant contributions of interns at an early stage of their career, and to help encourage them to complete their licensure by helping with the cost of the professional examination. Awards are not based on financial need, as much as they are based on contributions the intern has made to their profession and/or their community. Interns that work for architectural firms that reimburse the intern for the cost of the professional examination are not eligible for grant consideration. Applicants for this grant must be Arizona residents.
