[7] Critchley Residence

15148 East Miravista, in Fountain Hills - 85268

This two-story, 4,380 square foot, 4 car garage, hillside home sits above the Eagle Mountain Golf Course in Fountain Hills.

It contains a great room, den, dining room, kitchen, laundry, powder room and master suite with exercise room on the upper level.

On the lower level, 2 bedrooms with baths, and a sitting room.

We have a covered balcony on the lower level and a covered patio on the upper level.

The house was designed as narrow and as wide as possible because of the extreme slope of the site. And its windows are view oriented.

Architect: Nick Tsontakis, AIA
